GUTSWEIN

DORNFELDER TROCKEN

Recommended serving temperature: 16°C (61° F)

VARIETY

Dornfelder was first created in 1955, in the Baden-Württemberg region of Germany. It is now cultivated on over 8,000 hectares, including 3,000+ ha in the Pfalz. This early-to-moderately-late ripening variety stands out for its dark coloration and significant extracts.

VINIFICATION

Fermented on the skins, barrel-raised. After maceration, Dornfelder undergoes 6-12 months maturation in large wooden casks to emphasize its tannin content and promote structure.

TASTING NOTES

Our dry Dornfelder hits the classic varietal markers, including intense coloration and concentration, with aromas of ripe cherry. A powerful wine with grip.
