

# NEISS

## GUTSWEIN

## DORNFELDER HALBTROCKEN

*Recommended serving temperature: 17°C (63° F)*

## VARIETY

Dornfelder was first created in 1955, in the Baden-Württemberg region of Germany. It is now cultivated on over 8,000 hectares, including 3,000+ ha in the Pfalz. This early-to-moderately-late ripening variety stands out for its dark coloration and significant extracts.

## VINIFICATION

After maceration, Dornfelder undergoes 6-12 months maturation in large wooden casks to emphasize its tannin content and promote structure.

## TASTING NOTES

The fine berry notes set the stage for this off-dry, full-bodied beauty; a balanced everyday wine.
